

The Lenovo logo is displayed in white text on a red rectangular background. The word "Lenovo" is in a bold, sans-serif font, with a small "TM" trademark symbol to its right. The background of the entire page features a blue gradient with a diagonal line and a blurred image of a laptop keyboard on the right side.

LenovoTM

Adapt and thrive with a Modern Workplace solution from Lenovo and Blue Connections IT

The COVID-19 pandemic has turned Australian businesses and public sector organisations upside down. Thriving in this new world requires taking an innovative, smart approach to your workplace's technology. With a Modern Workplace Solution from Lenovo and Blue Connections IT, you can bring your hardware, software, security and support together into a streamlined and cost-effective package, fully managed by our expert team.

The logo for Blue Connections IT features a stylized blue and black icon on the left, followed by the text "BLUE CONNECTIONS IT" in a bold, sans-serif font. The word "BLUE" is in blue, and "CONNECTIONS IT" is in black.

**BLUE
CONNECTIONS IT**

The way people work has changed – perhaps forever

Approximately 74% of CFOs surveyed by Gartner expect some of their employees who were forced to work from home because of COVID-19 to continue working remotely after the pandemic ends.

For many businesses, the transition to remote working has been incredibly stressful and challenging. IT teams all over the country have had to rapidly source and implement suitable devices and software, ensure optimal security and put disaster recovery and back-up processes in place.

The good news: a Modern Workplace Solution from Lenovo and Blue Connections IT can take the stress, cost and ongoing hassle out of providing the flexible, productive and secure infrastructure that's needed in this new COVID-affected era.

The best hardware, the best software and the best support

Lenovo hardware

*Run your business,
your way*

- World-leader in quality hardware
- Innovative devices specifically for the modern workplace
- Suitable for a team of 1 or 100
- Modern Lenovo devices running Windows 10 offer fast start up, increased performance and security and all-day battery life.

Microsoft Productivity Cloud

*Work faster, easier
and more securely*

- Microsoft 365 brings together Office 365, Windows 10 Enterprise, and Enterprise Mobility + Security
- Your employees can meet, collaborate, call and connect via Teams, plus easily transition between devices.
- Your IT team gains rich insights to increase efficiency and drive business growth.

Blue Connections IT Managed Services

*Simplify and streamline
your IT*

- Blue Connections IT can help you:
- Source and deploy hardware and software.
 - Take care of your user profile management.
 - Manage your data back up and restoration, mobile device management and security.
 - Provide 24/7 support, lifecycle management for retired devices and much more.

How it works

A man in a plaid shirt is shown in profile, looking at a computer monitor. The scene is dimly lit with a strong blue color cast. The monitor displays some text, possibly code or data. The man's hands are on a keyboard. The background shows other computer monitors and office equipment, all bathed in the same blue light.

With Blue Connections IT's Modern Workplace solution, our expert team will source a selection of industry-leading Lenovo hardware, as well as the right Microsoft software, on your behalf.

In addition to implementing your chosen hardware and software for you, we will also provide the ongoing technical support, maintenance and security you need to keep your business running efficiently, reliably and effectively, around the clock.

Plus, as our Modern Workplace solution is provided as a managed service, you simply pay a single, consolidated fee every month. No hassle and no costly overheads. Just a simple, streamlined and easy to manage solution.

Our Modern Workplace solution can help you with:

● Determining your requirements

Our experienced team will work closely with you to evaluate your infrastructure and the assets you have now, examine any issues you are currently experiencing, and help you determine your specific needs.

● Sourcing your hardware

Through our ongoing Platinum Partnership with Lenovo, we are able to source a vast selection of industry-leading solutions to best meet your specific requirements.

● Upgrading your software

As a Microsoft Gold partner, we can secure cost-effective licenses for the world's leading productivity software, Microsoft 365. This means we can take care of all of your licensing and implementation for you on an ongoing basis, including when employees join or leave your business.

● Keeping you up to date

We conduct ongoing monitoring and maintenance as well as regular reviews and updates to ensure your people always have the most appropriate tools and processes at their fingertips.

● Ensuring security and reliability

We will ensure your hardware and software stays up to date in terms of security, and that you constantly have rigorous back-up and disaster recovery processes in place.

● Supporting your people

Our helpdesk is available 24/7 to respond to any questions or technical issues and provide your end users with a single and reliable point of contact.

● Controlling your IT costs

As our Modern Workplace solution is provided as a managed service, you simply pay a cost-effective monthly fee. By helping you move your IT from being a capital expense to an operating expense, we can help you streamline your cash flow and save money on expensive on-premise infrastructure. We also remove the burden of cost-effective IT maintenance and support, and the time-consuming activities of on-boarding, off-boarding and mobile device management.

Why Blue Connections IT?

Blue Connections IT is a provider of best-in-class IT solutions to Australian enterprises and local and state government departments. We are proud to serve some of Australia's best known and established companies as well as organisations navigating the challenges of business growth.

Established in 1997, we have grown our business by helping customers grow theirs. We partner with our clients to tailor technology solutions that support desired business outcomes and to allow them to focus on what they do best. In doing so, we design, supply, implement and manage end-to-end technology solutions and services specialising in procurement, professional and managed services, staff augmentation, and lifecycle management.

Our long standing Platinum partnership with Lenovo in conjunction with our Gold Microsoft partner alliance, gives Blue Connections IT the ability to create a Modern Workplace package with fully managed service support and flexible tailored options through the whole lifecycle, all for a transparent monthly fee. In every instance, we perform extensive research to ensure we are always selecting the right devices for our customers' increasingly collaborative and mobile requirements, and we partner with our clients to support your solutions well into the future.
