

Microsoft Surface Go 3

Designed for work on the go

Our smallest business laptop and tablet helps you speed through touch-and-digital pen tasks with battery life that enables employees to work all day from anywhere.

BENEFITS

A portable business laptop with up to 11 hours of battery life, plus Fast Charging to take you from low to full faster when you do need to plug in.

Present content to customers or watch HD training videos to skill up on the PixelSense™ Display with 220ppi resolution.

The 10.5-inch touchscreen display is optimized for the improved tablet, touch, and digital pen possibilities. A business tablet for working anywhere.

Achieve unlimited flexibility with three work modes enabled by the adjustable kickstand

LTE Advanced: Assisted GPS and GLONASS support
LTE Advanced: eSIM support¹¹

Disclaimers

*Sold separately.

- System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000 GB. See Surface Storage for more details.
- Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. See [aka.ms/SurfaceBatteryPerformance](#) for details.
- Requires license or subscription to activate and use.
- Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See [https://aka.ms/m365businessrialinfo](#).
- Service availability and performance subject to service provider's network. Contact your service provider for details, compatibility, pricing, SIM card, and activation. See all specs and frequencies at [surface.com](#).
- Microsoft's Limited Warranty is in addition to your consumer law rights.
- Weight not including Type Cover.
- [France only] Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 2 W/kg pour la tête et le tronc et de 4 W/kg pour les membres. Consultez cette page pour en savoir plus.
- Download the full Eco profile see – [https://download.microsoft.com/download/4/8/D/48D50344-33CD-4D9A-BA11-0C7DCA1A3948/Ecoprofile_SurfaceGo3.pdf](#)
- For more information on EPEAT registration in other markets see Computers & Displays Searching | EPEAT Registry
- eSIM support may vary by carrier. Individual device activation for eSIM is supported, however bulk activations leveraging eSIM on devices with Windows 10 are not currently available.
[China only: Remove eSIM from specs and disclaimer as eSIM is not offered in China]
- Surface Go and Surface Go 2 use a third-party UEFI and do not support DFCL. Find out more about managing Surface UEFI settings and Surface devices on which DFCL is enabled.
